

Restoring Natural Resources After Oil Spills

Please come to a public meeting on June 23 to learn about a new state-wide program to promote restoration of natural resources injured by oil spills. The State of Louisiana, the National Oceanic and Atmospheric Administration (NOAA) and the U.S. Department of the Interior would like to hear your comments on the proposed Louisiana Regional Restoration Planning Program that will expedite and reduce the costs of restoring injured natural resources.

NOAA and the state are requesting your input on the Louisiana Regional Restoration Planning Program/Draft Programmatic Environmental Impact Statement. Please attend one of the following public meetings to learn more.

**Attend either the 2 pm or 6:30 pm meeting on June 23 at the
1st floor-LaBelle Room, Dept. of Natural Resources
LaSalle Office Bldg.
617 N. 3rd Street in Baton Rouge**

Please visit www.darp.noaa.gov for additional information.
